We wish to thank our many customers for their orders entrusted to us and also for the many letters and cards of voluntary testimonial. It helps make our work easier when we know we are pleasing you.

VISITORS ARE ALWAYS WELCOME, BUT A SPECIAL INVITATION TO YOU AT IRIS BLOOMING TIME!

Terms of Sale

All orders over \$5.00 will be sent postpaid. Orders under \$5.00 please add 40c for postage.

Shipping begins July 1 on Tall Bearded, Fall Blooming and Dwarf Iris.

Siberian Iris can be shipped only in the Spring and Fall.

We do not substitute without permission, but if allowed to substitute we will give you a similar variety of equal or better value. Would greatly appreciate a list of alternates.

Compare Our Prices — You will find them very reasonable, and exceptional bargains with our Special Discounts.

If plants are not satisfactory upon arrival please return at once and your money will be refunded. No adjustment can be made on plants not returned at once.

Place your orders early as some stock is limited. Orders accepted subject to stock on hand.

Please PRINT your name and address so we may avoid any mistakes.

Cultural Hints

Iris are without a doubt the most satisfactory of all garden flowers. Hardy and so easy to grow. July, August and the first part of September are the best time to plant Iris in this section of the country for best results. If planted later it is well to use a light mulch in cold climates.

They should be planted in a sunny, well drained location. Do not plant too deep. The top of the rhizome should be just covered with soil. If planted too deep they will not bloom satisfactorily.

We use Bone Meal almost entirely as a fertilizer, occasionally we use well rotted barnyard manure or vigoro when we have a poor spot of ground.

They should be divided every 3 or 4 years so they do not become too crowded. Planting 3 of a variety in a group gives you a nice clump of color in a hurry.

The rhizomes of some varieties grow larger than others, so do not condem the small rhizones too hastily. It may be the normal size for that variety . Most oncobreds have small rhizomes.

NEW INTRODUCTIONS FOR 1960

HULDA MARTIN — (Freudenburg 1960) Early midseason, Height 34 in. (Chantilly x Midwest Gem) X Cliffdell).

One of the outstanding features of this lovely ruffled Iris is its unusually heavy substance. It has a tan back ground with rose shadings ending with a wide lacy edge on both closed standards and flaring falls. Very wide lacy edged Style arms and a very broad full rich orange beard. A real beauty. \$25.00

SPARKLING SUNSHINE — (Freudenburg 1960) Midseason . . Height 32 in. (Hit Parade x Pink Formal) X Cliffdell)

This stunning Iris is a smooth clear Empire yellow with gold veining extending to the edges of the falls. Full broad beard of Empire yellow. Ruffled round domed standards and very wide ruffled flaring falls. Excellent form and large size. Very heavy textured. Crimped edge on wide Style arms. Won a C C Award as Seedling. You will love it when you see it.

SELECTED SEEDLINGS

SIBERIAN IRIS

These Iris are easy to grow. They will do well in any good rich garden soil, but they like plenty of moisture. They can be planted in full sun or partial shade. Keep your newly planted divisions well watered until they are established. They can be left undisturbed for years and when established grow more beautiful each year. They are ideal for floral arrangements.

HOSTA OR PLAINTAIN LILY

We have a surplus of the following three varieties of Hosta and we are offering them to our customers at reduced prices. We use them for the edges on our perennial borders. The leaves are used extensively for filler in flower arrangements.

HOSTA COEREULA—The leaves are a glossy green and very large in size. It is wonderful for a border for the Hemerocallis or Iris beds. Blooms in July and August. Lavender blue flowers. Regular price is 75c. Our price 35c or 4 for \$1.00. HOSTA LANCIFOLIA FORTIS—Long lance-like dark green foliage. Flowers are violet and bloom in September and October when flowers are scarce. When planted close together makes a compact mound of green along a border. Regular price 50c each. Our price 25c each or 6 for \$1.00.

HOSTA VARIEGATA—This beautiful Hosta is noticed and admired by all our garden visitors. The lovely variegated leaves of white and green are curled and twisted and are ideal as filler for flower arrangements. Makes a beautiful

HEMEROCALLIS

This popular perennial, commonly called Day Lily, is truly the busy man's flower, as they need so little attention. They give such a huge amount of enjoyment for the little care they take. They do well in any good garden soil in full sun or partial shade. They are hardy and can be left undisturbed for years. They can be planted at any time the ground can be worked. By careful selection of varieties you can have bloom from early Spring until Fall.
